PROFESSIONAL EXPERIENCE

Contele Soluções Tecnológicas | Santos, SP *Junior Development Analyst* | May 2024 – Jul 2024

- Achieved a **60% reduction** in recurring user support tickets by proactively hunting, investigating, and reporting application bugs.
 - Leveraged a suite of diagnostic tools including **Firebase Crashlytics**, **GCP BigQuery**, and Browser **DevTools** to analyze crash reports, query user data, and inspect API calls, successfully identifying critical bugs ranging from UI defects to memory leaks.
 - Authored and managed detailed bug reports as **GitHub Issues**, providing clear instructional texts and video recordings to ensure efficient reproduction and resolution by the development team.
 - Acted as the first point of contact for client-reported issues, analyzing complaints to accurately differentiate between user usability errors and genuine application bugs.
-

EDUCATION

Kenzie Academy Brasil | Remote

Full Stack Web Development Certificate | Completed Feb 2024

- Gained proficiency in a comprehensive tech stack including React, NodeJS, TypeScript, Python, PostgreSQL, and Git/GitHub.
- Completed multiple hands-on projects, building full-stack applications from concept to deployment, focusing on RESTful APIs and database management.

Universidade Paulista (UNIP) | Santos, SP

Bachelor of Computer Science | Expected Oct 2028

- Data Structures, Algorithms, Object-Oriented Programming (OOP), Database Systems, Computer Networks, and Software Engineering.
-

PROJECTS

[Contact Agenda](#) | *Personal Project*

- Built a full-stack contact management application using NodeJS/Express for the back-end API and React for the front-end.
- Designed and managed a PostgreSQL database, implementing user authentication and complete CRUD (Create, Read, Update, Delete) functionality.

[Ask Forum Project](#) | *Personal Project*

- Developed a dynamic forum application using NodeJS, EJS, and MySQL.
 - Implemented core features for a Q&A system, including data storage, querying, and user interaction logic.
-

TECHNICAL SKILLS

- **Languages:** Java, Python, JavaScript, TypeScript, C#
 - **Back-End:** Spring Boot, NodeJS, Express
 - **Databases:** PostgreSQL, MySQL, MongoDB
 - **Front-End:** React, HTML, CSS
 - **Tools & Platforms:** Git, GitHub, Docker, Google Cloud Platform (GCP)
-

ADDITIONAL COURSES

- **NodeJS Expert** - Udemy (50 hours)
- **React Native** - Udemy (25 hours)
